Profile

Senior data analyst with eight years' experience turning operational data into decisions. At Northwind I lead forecasting for a national logistics network, and I enjoy explaining complex results to non-specialists.

Experience

Senior Data Analyst, Northwind Logistics Ltd, Bristol — March 2021 to present

- Built the demand forecasting model used across 40 depots, cutting overtime costs by 12%.
- Report monthly to Priya Shah, Head of Operations, and present quarterly results to the board.

Data Analyst, Hartley & Moss Insurance, Cardiff — July 2017 to February 2021

- Automated claims reporting with Python and SQL, saving two days a month.
- Worked with the fraud team at Brightwave Analytics on a shared risk model.

Education

BSc Mathematics, 2:1 — University of Exeter, 2014 to 2017

A-Levels: Mathematics (A*), Physics (A), Economics (A) — Clifton Park Sixth Form, 2012 to 2014

Skills

Python, SQL, R, Power BI, forecasting, A/B testing, stakeholder communication

Interests

Treasurer of Bristol Harriers running club. Volunteer maths tutor with the Westbury Learning Trust.
